

TESTIMONIALS, volume 1

“Thank you again for your hard work and attention to detail with my business feature. It turned out beyond all of my expectations. I've received so many congratulatory calls, not to mention a huge influx of new clients because of this feature. I hope that we can work together again in the future, and until then, best wishes and good health.”

“Wow, I had no idea how many people saw, and read, your article. We've gotten over 20 copies just from friends who took the time to send it to us. Most surprising is the one sent by a non-Jewish friend who lives downtown and one from a friend who moved to Colorado several years ago!!! The Jewish Latin American Collection has definitely expanded its influence thanks to you.”

“Thank you very much, Josh. It is a lovely article and very comprehensive. For us who are all so involved sometimes it is hard to find the right words. Thanks are due to you for offering up of your own time. Josh, it goes without saying that if you'd like to be part of any of the programs that you described in your article, you would be more than welcome to attend.”

“Josh, I just got done reading your article, and I wanted to express my admiration for how accurately you depicted what I was trying to get across. You had interviewed me for about an hour, and as I started to read the article, I was thinking, ‘I sure hope he was able to pull out the most important points.’ My expectations were not high, because I think it's very difficult for a reporter to be able to figure out what the interviewee feels is significant within a lengthy interview. To my satisfaction, you did an eerily unbelievable job of hitting, issue by issue, the points I was trying to make.”
